

Dear delegates,

We, the Board of the EBSF, are very pleased to announce that the FFT Steering Committee has decided to organize the European Benchrest Championship 2022 at the CNTS range of Chateauroux, France.

The official dates will be communicated as soon as possible, but the FFT Steering Committee announced that in early October the competition will be held.

Please communicate as delegate this news to your members and arrange if applicable the qualifications for your country for the teams and the participants.

The new EBSF rulebook and new Championship manual will be available on short notice. Plan is to have them ready at the time the official EBC 2022 dates are announced.

We as the board have to thank all at the FFT Steering Committee and in particular Mr. L. Artaud for his efforts to make this all possible.

On behalf of the board of the EBSF,

P. Trautig

President

K. de Jongh

Secretary
